

CERTIFICATE OF VERIFICATION

No. 00004/033/2024/V01

Product Certification Body No. P-001,

issues this certificate for

Product: Tramway railway constructions, point machines and electrical control boxes,

Types: Turnouts, railway crossings, combinations, railway crossovers, expansion devices and railway junctions, their spare parts.

which ensure the support and guidance of a rail vehicle operating in urban and suburban public transport in any directions among various diverging and crossing tracks. The product is intended for rail systems 57R1, NT1, NT3, 59R1, 59R2, 60R1, 60R2, 62R1, 62R2 and 54G1, possibly with others according to the technical specification of the customer. Point machines and switch control unit for operation of railway switches may be parts of the product.

- 1. Applicant:** DT - Výhybkárna a strojírna, a.s., Kojetínská 4750/6, 796 01 Prostějov, Czech Republic
- 2. Manufacturer:** DT - Výhybkárna a strojírna, a.s., Kojetínská 4750/6, 796 01 Prostějov, Czech Republic
- 3. Place of production:** DT - Výhybkárna a strojírna, a.s., Kojetínská 4750/6, 796 01 Prostějov, Czech Republic

This certificate attests the conformity of the product with the technical requirements given in the technical specifications „**Technické podmínky dodací TPD 63/02, 3. vydání, Tramvajové kolejové konstrukce**“ valid from 01/01/2023 and „**Technické podmínky dodací TPD 352/2023, 1. vydání, Stavěcí a elektrické řídicí skříně pro tramvajové výhybky**“ valid from 01/03/2024 and within the scope of the Report on product certification No. NC/24/0003/CC of 26/11/2024.

This certificate is valid as long as compliance of the factory production control with certification requirements is maintained. If certification requirements are affected, then the Certification Body for Products must be informed. Within the validity duration of this certificate the applicant can perform production of the product. This validity duration may be extended on the basis of future auditing.

This certificate supersedes the CERTIFICATE No. 00004/033/2014/2 of 13/12/2022.

Type assessment verification	Valid from:26/11/2024	Validity: Unlimited
Factory production control verification	Valid from: 26/11/2024	Validity: 25/11/2026

Issue date: 26/11/2024
